III. Community Project

Health Center Follow-Up

No	Health Center Name	Date	Number of Villagers Participated	Number of Chapter Provided
1	Krang Tes	03 rd - Jun	12	1-11

After OISDEC staff provided Oral Health Education by flipchart to HC staff, we have flexible schedule to follow-up their oral health education at each health center!

IV. Other Activities

Happy Smile 2014 Cooperated with SETRA Project

It is the third time for OISDE to hold the festival with collaboration between PHD, POEYS and UHS to promote and empower oral health care to students and community in Pou Zam Village, Ou Reang District, Mondulkiri Province. There are 255 students from two schools, Pou Zam PS & Bouraing PS and around 60 villagers to participate the festival with honor of Vice District Governors, Deputy Director of PHD and Representative of POEYS.

As result, there are 315 people receiving oral health education, 85 filling, 125 extracting and 255 screening.
